GOLF COURSE:

The Golf Club at Briar's Creek is everything a pure golf experience should be: exclusive, unhurried and personal. Atop a beautiful expanse of property brimming with natural wonders, Rees Jones designed an inspired golf course that continually garners widespread acclaim year after year.

More than just challenging golf, an integral part of the Briar's Creek experience is the way the course and the natural environment complement each other. As an Audubon International Certified Signature Sanctuary- the first in South Carolina - The Golf Club at Briar's Creek flawlessly blends water, marshes, wetlands, and wildlife with bunkers, roughs and quick, impeccably rolling green complexes.

However, the experience at Briar's Creek extends far beyond the immaculate, award-winning golf course. It encompasses everything from the parking lot to the 19th hole. There are no tee times at Briar's Creek, no unaccompanied guests and only 300 members. The staff will not only know your name, but also your favorite meal, choice beverage and shirt size.

CLUBHOUSE & MEMBERSHIP:

In May 2006, ground was broken on the Briars Creek clubhouse. There are a limited number of local and national golf memberships available, and membership is capped at 300.

COMMUNITY:

Just minutes from the wonders of Charleston and Kiawah Island, S.C., Briar's Creek is an exclusive, world-class golf community that delicately whispers an air of the Old South. For the privileged few who call Briar's Creek home, there are a limited number of estate home sites available within the gates, starting at \$400,000.

The 125 total estate sites on the community's 900-acre piece of property range from one acre to seven acres, and are close to, but not obtrusive from, the Briar's Creek golf course. These estate home sites offer members not only luxury living in a natural golf haven, but also a lifestyle investment with tremendous financial advantages.

OTHER AMENITIES:

Deep within South Carolina's breathtaking Lowcountry, The Golf Club at Briar's Creek offers something for everyone: walking and biking trails, fully stocked ponds, age-old live oaks and other vegetation. Only minutes from Charleston's center city- the south's Mecca for world-class dining and entertainment- along with the area's generations of rich history, it's easy to see why people who could belong anywhere, belong at Briar's Creek.
