

At Briar’s Creek we understand that it takes time, and hard work, to achieve the level of success you aspire to in providing you and your family a quality lifestyle. And we know you love the game of golf.

Times have changed, and with it so has the opportunity to enjoy one of the finest golf and club experiences in the nation. We’ve introduced the **Young Professional’s Membership** for those under the age of 51. Based on your age, you will enjoy extended payment plans for your membership fee, *interest free*, and reduced Club dues. And there are no limitations of your privileges – no restrictions on when or how often you can play or who you can bring.

Remember, Briar’s Creek is a family membership – your children under the age of 23 are members and your immediate adult family members play for just a \$35 Guest Greens Fee with no limitations on how often they can play. What are you waiting for? This is a no-brainer opportunity to join Charleston’s ultimate private golf retreat.

Review the table below, find your age appropriate category and contact Gus Bright (843-296-6454 or gus@briarscreek.com) to secure your opportunity.
